

# Portable Rigging Station

Marine Products Inc.

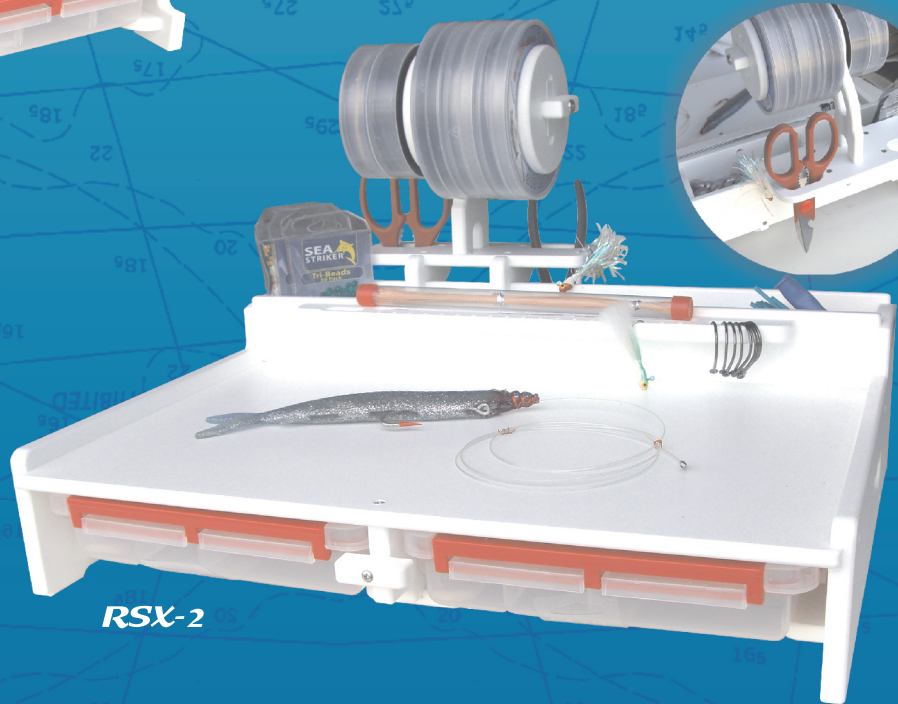

RSX-1  
RSX-2

The new RSX rigging stations are designed to give you a portable fully stocked place to rig your live, dead, or artificial baits. Both models include built-in storage bins on top that are ideal for chin leads, beads, hooks, crimps, etc. The removable leader spool attachment holds up to five spools of leader line, three "wrist" type mono filament spools and (2) Fluorocarbon spools. It also incorporates 2 pliers/scissors slots and hook rack. The hook bar in front is slotted for rigging needles and copper wire, and also has circle hook and J-hook storage. The RSX-1 includes (1), and the RSX-2 includes (2) 3740 Plano waterproof tackle boxes for everything else you need for rigging. Both include suction cups for use on the boat. The 100% marine-grade polymer construction means a lifetime of use.

RSX-1

**Removable Leader Spool Attachment  
Includes Waterproof Plano Boxes  
100% Marine-Grade Polymer  
Lifetime Warranty**

RSX-2

Removable Leader  
Spool Dispenser
